**A message from the Eco-Church group** - news from Oxfam -it's 'Secondhand September'! Did you know that 99% of a UK clothing item's life is spent in the wardrobe? Or that 1.6 billion items of clothes are currently owned by the UK population? Every year the fashion industry uses enough water, globally, to fill 37 million Olympic sized swimming pools, and accounts for 8-10% of global greenhouse gas emissions. Oxfam encourages us to embrace vintage and pre-loved clothes - so the recent event at St Mary's has actually helped reduce the damage to our planet. By buying secondhand, or donating unwanted clothes, we can all contribute to fighting the climate crisis. (data from [oxfam.org.uk](http://oxfam.org.uk))  
P.S. don't forget, it's our Prayer walk next week!

**St Bart's Intercessory Prayer** will follow the service on 28<sup>th</sup> September.
